SUBJECT: []

TO: Heidelberg "KNOBBY"
ATTN: []

REFERENCE: 19-CWU

1. We have been in regular touch with [] since his return to the United States following completion of Project YULETIDE.

2. We had hoped to engage him as a covert agent on a part-time basis, utilizing the cover of his primary position as political and intelligence adviser to the Military Governor of the Bremen Enclave. However, we were forced to delay this arrangement indefinitely in view of a high-policy decision against the part-time engagement of employees of other agencies except on an emergency basis.

3. [] is still on cordial terms with members of this organization, now is en route to take the Bremen position. If we require his services in the future and can justify using him on an emergency basis, we will be able to renew our plan for his engagement. In the meantime, I am sure you will find him most happy to assist you in any nonsensitive matter, on a personal and unofficial basis.
